To whom it may concern

Mr Jay Dhanwant (Roll No 17053008), a student of IDD II Year of Industrial Chemistry joined the Department after qualifying in the most prestigious national exam, JEE for engineering entrance.

Mr Jay has been a very good student and always scores high grade points in the examinations. His current CPI is 8.41/10 which is respectable. He is in II year and he has displayed research interests which shows his inclination for higher research in future. He joined my group for his research interest and has been doing appreciable work. He has a good experimental hand.

Mr Jay is a keen and quick learner and in addition to studies, he is active member of Departmental Student Alumni Cell, member of Hostel Executive Committee, member, Start up Assistance Program and member, E Cell of the Institute.

Mr Jay Dhanwant has an amiable attitude and is liked by all in the peer group. He is hardworking, punctual and honest person. He can be trusted for any work.

I strongly recommend Mr Jay for any scholarship, fellowship, or any other research assignment of his level.

(Yogesh Chandra Sharma)
